TOWN SURVEYS—Report No. 8

Selectmen of Jaffrey, N. H.
Gentlemen:

Following is the eighth annual report on Town Surveys. With an appropriation of \$200.00 at the last annual town meeting for the survey of town roads the following was accomplished.

Starting on Old Peterboro Road at the end of a previous survey the taped traverse was continued northerly to the entrance to Pine Knoll Inn thence westerly on the old Coburn Farm Road to North Street connecting with a previous survey on the old Jaffrey Road.

East Main Street was surveyed from Grove Street to a Sharon Line. From school house No. 1 a survey was made along the road to Squantum connecting with the survey made in 1930 at the road to Bullett Pond.

Measurements of buildings were made on Old Peterboro Road to complete plans of previous surveys.

With the completion of closed traverse 26 new streets (on cloth mounted drawing paper) were started making a total of 67 in the set to date.

Respectfully submitted,
ARTHUR S. BUSS,
Surveyor.

January 31, 1942.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the Jaffrey School Board:

I submit this, my twenty-fourth annual report as Superintendent of Schools, it being the thirty-third in the series under union supervision. With this report is included the report of Headmaster Ernest B. Dana, and the report of Helen L. Towne, school nurse.

The following teacher changes have taken place during the past year:

Mr. Benjamin G. B. Durkee, a graduate of Tufts College, with graduate work at Harvard and University of Pennsylvania, took the position of teacher of social science made vacant by the resignation of Gerald S. Cournoyer, who left the first of April, 1941.

For the position as head of the English department Miss Ruth Kenyon of Ashaway, R. I., was elected to succeed Miss Boothby. Miss Kenyon is a graduate of Alfred University, with graduate work at University of Minnesota and Cornell. During the past four years she taught English in Hope Valley, R. I. High School.

Miss Rita McKearin was transferred from the fifth and sixth grades to the Junior High School when Mr. Chamberlin was granted a leave of absence to join the National Guard. Miss McKearin continued until the December vacation, when she was released, as she was to be married in January, and Mrs. Anna Gelinis was employed as substitute in the junior high grades and to teach English in the freshman class.

Miss Martha Ryder was elected teacher of grades five and six in April, 1941. She is a graduate of Hyannis State Teachers' College, with several years of teaching experience in Massachusetts schools.

The enrollment for the present year to date is 564. For the same period last year it was 573, and for the entire school year 1940-41 it was 590. Of this number nine pupils had been previously registered in some other town in the State.

The drop in enrollment in the high school and grades seven and eight is largely due to opportunities for employment which has not been an important factor in school registration for a number of years.

The work of both the high school and of the elementary grades has shown encouraging progress during the half year just completed. So far as possible individual attention is being given to pupils meeting with special difficulties.

Our teachers attended the Cheshire County Institute in May. This was a very interesting and helpful session. Mr. Dana of Conant High School was named President of the County Association for the present year. In October our teachers attended one day of the State Teachers' Convention at Nashua, and on November sixth the annual meeting of all the teachers of the Peterborough-Jaffrey union was held at the Tavern in Peterborough. The meeting was addressed by Superintendent William B. Appleton of Leominster, Mass.

The budget prepared by the school board and approved by the budget committee calls for a little more than three thousand dollars over last year's appropriation. Of this amount \$2,600. is the increase asked for in teachers' salaries. The rapidly increasing cost of living justifies the request for this amount.

Scholars' supplies have rapidly increased in price, and some items are becoming difficult to obtain. Fortunately we laid in a good supply during the summer vacation while prices were normal, but we shall have to plan very carefully to secure many needed supplies while the present war conditions continue.

The only special appropriation asked for this year is to continue the adult classes which have been carried on so successfully during the past year.

I wish at this time to thank the school board, teachers, parents and pupils for the generous support given me during the past year.

Very truly yours,

LEWIS S. RECORD,
Superintendent of Schools

February 16, 1942.

Activities from February 1941 to February 1942

DRAMATICS: On April 16 the Class of 1942 put precedent aside and presented three one-act plays instead of the customary one three-act play. The three plays, "If Women Worked as Men Do," "If Men Played Cards as Women Do," and "Suppressed Desires," furnished many surprises and humorous situations which greatly pleased the audience. Their presentations showed every indication of much time and effort on the part of both the coach, Miss Marjorie Boothby, and of the members of the different play casts.

With the experiences gained in these productions standing them in good stead, the same class, under the direction of Miss Ruth Kenyon presented an excellent three-act comedy, "Miss Jimmy" on Nov. 21. This play furnished a full evening's entertainment to a large and very appreciative audience. The action was rapid moving, with the humorous and complicated situations following each other so rapidly in places that there was no time to catch one's breath between laughs. From beginning to end, the action, speeches, and interpretations showed that much preparation and rehearsing had been done by both the coach and the boys and girls who took part. The new foot lights and the complete stage scenery, which was used for the first time, added much to the success of this production.

WASHINGTON TRIP: Twenty-six of the twenty-seven members of the Senior Class with Miss Hancock and Mr. Dana as chaperones spent the April vacation on a trip to Washington, D. C. This very well planned and organized trip conducted by the Baltimore and Ohio Travel Agency, included the cities of New York, Philadelphia, and Baltimore in its itinerary as well as the Nation's Capitol. As on previous trips just as many as possible of the points of national interest in or near the city were visited.

Added to this visit the sight-seeing trips in Philadelphia and Baltimore, two days and two nights in New York, one can see that the tour furnishes a wealth and variety of new experiences for every member of the group.

ATHLETICS: Much of the success of the Conant High School Athletic Department in its activities is due to the interest and support of the townspeople and merchants. This very important part played by the community has meant much in keeping the teams well equipped, and the work upon a high plane. Add to these factors an interested and enthusiastic student body plus competent instruction the success and accomplishments in this very important part of our school program is explained.

Everything possible is done for the health and physical welfare of the boys and girls who participate in athletics.

The basketball of 1940-1941 closed with the boys' team again competing and furnishing stiff opposition in the tournaments held in Fitchburg and Townsend. In the former, Conant reached the finals and in the latter the semi-finals.

This season has been one of the best that Conant has experienced in a long time. By virtue of an early start and much hard work a strong team has been developed, and the girls are showing steady improvement. In as much as most of the players are in the first three classes there should be a sufficient amount of experienced material with which to build the teams next year.

In baseball, although the team got away to a slow start, improvement was made as the season progressed. Several closely contested games interspersed with victories indicated that the team had strength. Since many of the players were not seniors there will be experienced material with which to build up a team for the coming season.

MUSIC: This department of our school has had again a very successful year. It has been possible to prepare and present concerts at functions held both in and out of town in addition to the carrying on of the regular instruction. In May the Conant High School Glee Club sang at the Annual State Music Festival which was held in Manchester. Five of these pupils represented the school in the All State Chorus. The same group sang at the Amos Fortune Prize Speaking Contest, at one P. T. A. meeting and took part in the Graduation Exercises in June.

The Junior High School Glee Club sang at the Junior High School Prize Speaking Contest and the members from Grade VIII took part in the Graduation Exercises in June.

MISCELLANEOUS: The gala events of the year were the May Ball on May 9, and the Senior Reception on June 17. The Juniors were in charge of both of these activities, which provide a fitting climax to the social life of the student body as the school year draws to a close.

The Junior High School held its fourth annual field day at Lake Contoocook and Humiston Park. Games, swimming, and refreshments provided an all inclusive program which was greatly enjoyed by the boys and girls.

The Hallowe'en Ball which was held on October 24 by this year's Junior Class furnished a delightful time for everyone in attendance. The attractive decorations, refreshments, and Hallowe'en favors added much to the fun of the evening.

Three prize speaking contests have been held since the last report. The two Amos Fortune Contests which were held in the senior high school took place on the dates of March 6, 1941, and February 11, 1942 respectively. The Junior High School Prize Speaking Contest was held December 10, 1941. The quality of the work done at these contests indicated both talent and much time and effort in preparation.

Other events which have contributed to the development of a well rounded school life and its relationship with the community and the outside world include the School Exhibit in May, Scholarship Day in Keene where our seniors compete with those of the entire State in different subject examinations, and School Night was held in November.

CONCLUSION: The installation of a new Simplex Electrical Clock has filled a long felt need in the Conant Building. This attractive time piece rings both the inside and the outside bells for the opening and closing of the daily sessions and for the changing of classes. With the installation of such automatic equipment greater uniformity and efficiency is assured in the utilization of the daily schedule.

In the Home Economics Department a new and much needed sink has been installed which has added much to both the equipment and attractiveness of the quarters used by the department. In spite of the relatively large number of pupils enrolling in the different courses, it has been possible to so schedule the classes that every one has been taken care of and the requirements of the George Deen Act have been met in the instruction in this department. As has been stated previously, this means a reimbursement from the Federal Government for about one-third of the teacher's salary.

In order to meet the demand for the subjects, it was found necessary in the Industrial Arts Department to convert the entire room on the ground floor in the north end of the building into a shop and to confine the classes to the first two grades in the high school. New equipment has been added during the past year including a band saw, another wood turning lathe, and several small tools.

At the present time eight pupils are employed in doing work in the school under the National Youth Administration. This work enables the boys and girls to gain practical experience in certain fields of work and at the same time to appreciate more fully the value of the dollar.

Although not as many pupils are enrolled in the senior high school this year as were expected, the indications point to an increase in enrollment for the coming year. However, no one knows or dares to predict what the demands will be upon our schools in the present emergency. In any case wherein the school can help in any way in civilian defense I am sure that the boys and girls will be found always ready and willing to be of assistance.

AUDITORS' CERTIFICATE

This is to certify that we have examined the books and other financial records of the school board of Jaffrey, of which this is a true summary for the fiscal year ending June 30, 1941, and find them correctly cast and properly vouched.
